Simply put, it's a lunch that generates no (or very little) trash. That means everything can be eaten, reused, or recycled.

## WHO is having a Zero Waste Lunch?

We all are! This is a joint effort between Norwell's schools. Administrators, staff, students & parents will be making a coordinated effort to make this day a success.

## Why have a Zero Waste Lunch?

It's great for the environment, will save you money, and usually a homemade lunch is much healthier than a prepackaged one!
